

Julie Meitz / VJ Bio [Http://julie.meitz.free.fr](http://julie.meitz.free.fr)

I'm from Detroit, Michigan living in Lyon, France.

I have [VJed](#) with artists such as Model 500 (Juan Atkins), Aux88, David Carretta, Vitalic, Funk Off, The Hacker, Qbert... [Liste de DJs / Bands](#).

VJ Beginnings

I began mixing video camcorder effects in the camera during a live recording-mix of the first D'Jungle party in Detroit in 1997. Then used the Videonics VE-1 equalizer as a primitive mixer, and scratched in Adobe Premiere Timeline. Currently I use a laptop, mixer, midi and software Resolume 2.4 for VJ and Resolume Avenue 3 for AV work.

Multimedia Artist

I have worked in various mediums; super 8mm and 16mm film, photography, video, multimedia installations and VJ-ing. I have also done "[FJ](#)" (Film Jockey - 16mm film mixing).
